

A STEP-BY-STEP TAN GUIDE

BEFORE YOUR APPOINTMENT

1. Exfoliate your skin and complete all hair removal treatments 1-2 days prior to your tanning session. *Please note you will have the option to use our shower facilities prior to your tan. Biodegradable towels are provided.
2. Ensure you wear loose, dark clothing to your tanning session. Tight fitting clothing can rub the tan in certain areas. We recommend dark coloured clothing to minimise cosmetic bronzer transfer immediately after your tanning session.
3. It is best to leave your jewellery and/or watch at home, otherwise remove before your tanning session and put in a safe place.
4. Do not apply moisturiser
5. When you arrive at your tanning appointment enter the tanning room located at the second door to the left of the hallway.
6. Once inside you will see an iPad situated on the right side wall beside the tanning booth. Tap the screen.
7. Here you will be given 2 options. TAN MENU and HOW TO GLOW.
8. Click on the Tan Menu to view a detailed description of all available tanning options. Click on How to Glow to see how to prep for your session as well as instructions for the tan booth and post care information.

9. You have the option to use our luxe shower facilities. Body wash and bio degradable disposable towels will be provided to you. Place towel in the hamper provided after use

10. It is important to remove deodorant, perfume, body lotion prior to your tanning session as this can change the colour of the solution and turn the skin green

11. After showering enter the tanning room and apply the barrier cream to the dry areas of your skin including your knees, elbows, ankles and hands. This will ensure your tan does not 'grab' to those areas.

12. For your convenience disposable crinkle caps are provided to protect your hair, sticky feet to prevent tan grabbing to the soles of your feet.

13. Paper towel is also provided to wipe down the inside of the booth from any drip marks from previous tanning/cleaning cycle.

14. Head over to the tanning booth. Here you will see a digital display screen. Select the FAVOURITE SESSIONS menu option and select your chosen tan.

15. Then press ACTIVATE SESSION. The tanning booth will then begin to warm up.

16. Then press ACTIVATE SESSION. The tanning booth will then begin to warm up.

17. Your tanning session will now commence.

18. Refer to the tan poses shown on the laminated poster, alternatively an instructional video can be viewed on our website.

19. The tan booth will guide you through the movements via a voice over.

20. The booth will dry you between each spray application.

21. Once your tanning session is complete exit the booth. You will be dry enough to get dressed immediately after your session. It is best to avoid tight fitting clothing such as bras and enclosed shoes immediately after your session.

The tan booth will automatically start its cleaning cycle approximately 90secs after you have exited the booth in preparation for the next tanning session.

Please leave the space nice and clean

AFTER YOUR APPOINTMENT

22. Wash your hands and face 30mins after your tanning application.

23. After waiting the recommended time frame of your selected tan, have a quick warm water full body rinse only.

24. Avoid using any body products during this initial shower including washing your hair as it can impact the tans development process.

25. Pat dry with a towel after your shower. Avoid rubbing the skin.

26. Depending on your chosen tan, you may appear lighter after your shower. Don't worry! The tan will continue to develop for up to 8hrs after application.

27. Once your tan has fully developed, ensure you moisturise your skin daily to allow the tan to last longer and fade evenly. Only use exfoliation products 7-10 days post tan to prep for your next tanning session.
